The Clark Flyer March 2008

For the March meeting we had a large turn out of members. It was good to see the room filled up. There were no guests, but there was one new member and one member that was attending the meeting for the first time.

The latest report on Glitch Ditch and the gas pipe line is that the nearest transmitter the pipe line uses is on the east side of the freeway, and that there are no plans to change that. It doesn't

sound like it should be bothering us anyway. So I guess we are back to square one with no resolution as to the reason so many guys get hits over the ditch. I have a thought, since I only fly electric, and I have never gotten a hit over there, all you glow guys just need to change to electric. :) Just a thought. LOL

Randy provided a hard copy of the events he has scheduled for this year and I asked him if he could provide the list to Alan so the list would be on our home page. I think that will help people to see what events are coming up and to get ready for them.

With the weather getting better, I look forward to seeing you and your winter projects at the flying field.

Luis

Meeting Minutes March 12th, 2008

Meeting called to order at 7:30 by President Luis Munoz

Guests: Levi and Frank

The minutes from last meeting were posted on the web site.

Treasurer's Report: We currently profited \$1,657 Net Income, 4 CD's containing \$1000 each, and currently have \$3470.39 in the checking account.

The Bylaws were posted on the website for all members to review on the issue of reforming the member dues from \$48 to \$56. This motion was approved and the bylaws will be corrected.

Ted Atmore agreed to fill our application box at the field with new applications for visitors to take.

Ed Hagedorn talked with Northwest Natural about the pipeline in glitch ditch. Northwest Natural does not own the pipeline it belongs to Williams and according to them, the pipeline does not transmit any frequency that would conflict with our flying.

Larry Tate suggested purchasing a new advanced radio frequency

Larry Tate displayed his Boeing F4B2 Navy Biplane.

Mike Akers displayed his scratch built float plane.

Criers raffle was won by Clay Cleveland, he received an award of \$42

**March's Raffle:
Hangar 9 Tango ARF
Won by Dave Anderson**

Richard Teson and his Piper Cub

The Hangar 9 Tango was won by Dan Anderson.

Meeting adjourned at 845.

**Luis Munoz's scratch built What's it. (Above)

scanner for the club, but it was decided against at this time.

Randy Boardman discussed his yearly plan of events and possibly posting them on the website. A picnic/potluck was also discussed, however our first event will be the fun fly/swap meet. Any member who would wish to run an event talk to Randy and he would gladly work with you.

Dave Anderson would like to thank the club for all the support we have given him in his efforts of progressing on with the hobby.

John Shirron discussed whether the idea of buying an electric only raffle would be pertinent to the club and the interest seemed very high.

Grant brought in his electric racing airplane for all to view. If you would like one, they cost \$120 for everything except receiver. Contact Grant to purchase one.

Dick Teson had his Piper Cub for all to view.

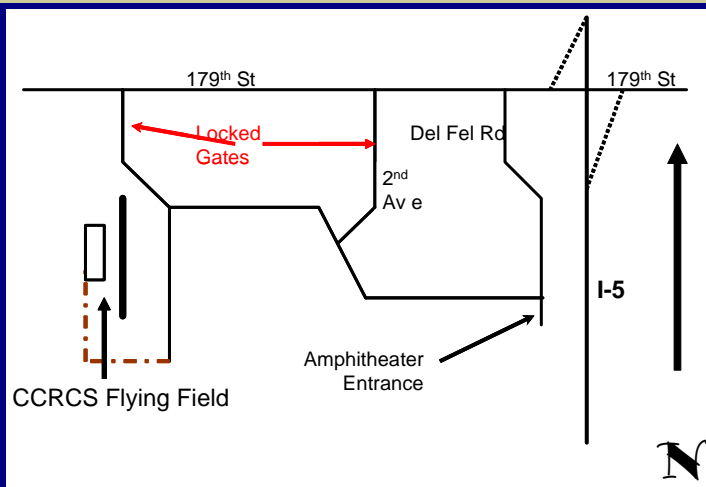

Ted Amore brought his Astro Hog he had purchased at an estate sale.

Jerry Holcomb displayed his electric British Aerobatic Jet made by Absolute RC.

A typical weekend at the flying field.
